

School Performance Review

.....

Aim: To support school leaders in making a secure judgment about the performance of their school.

Support provided:

- Analysis of school data and RAISE online
- Review of SEF
- Review of Teaching and Learning. This will include learning walks, joint lesson observations and work scrutiny and will focus on progress, learning behaviours and pedagogy.
- Policy review
- Review of school website

Outcomes:

- School leaders have an increased awareness of the story behind the data and are more aware of the challenges highlighted by RAISE online.
- School leaders are able to make secure judgements on the quality of teaching and learning and are able to identify and put targeted support in place to support future improvements.
- Policies and website audited against statutory requirements, recommendations for improvement, if needed are shared with school leaders.

 Cost: £1760
